1

DROP-IN HORIZONTAL ROTARY HOOK

The bobbin is loaded from above, making it effortless to start sewing and the clear cover enables you to see when the bobbin is running out. The 550, 560 and 570 models offer additionally a guide to further facilitate threading.

2

LED LIGHTING

Compared to conventional lighting, LED bulbs provide a brighter and shadow-free illumination on the eXperience 550, 560 and 570 models. Power-saving and eco-friendly, they are a smarter solution altogether.

3

BUILT-IN NEEDLE THREADER

Just one movement and the needle is threaded! Save precious time and get down to work immediately.

4

FREE ARM

An invaluable feature for sewing tubular items, such as sleeves or trouser hems, as well as for smaller projects and repairs.

5

AUTOMATIC THREAD CUTTER

The eXperience 560 and 570 are equipped with this time-saving feature simply operated with a button. You can easily and quickly cut the threads with one touch. On the 570 model, the thread cutter can also be programmed at the end of a stitch combination.

6

STITCHES AND COMBINATIONS

We selected a range of functional and beautiful decorative stitches, including elna-exclusive patterns, for delightful effects. The memory function is a special feature of the eXperience 570 that enables you to create and temporarily save individual stitch combinations.

7

EXTRA-HIGH PRESSER FOOT POSITION

Facilitates the positioning of your work when sewing thick fabrics or multiple layers.

8

EXTENSION TABLE

Included as a standard accessory with the eXperience 550-560-570 for working on large-scale projects.

STANDARD ACCESSORIES

Foot: standard foot A, overedge foot C, zipper foot E, satin stitch foot F, Blind hem foot G, 1/4" seam foot O, Automatic buttonhole foot R with stabilizer plate.

Bobbins, seam ripper, needle set, lint brush, spool holder large and small, additional spool pin, screwdriver, foot controller, instructional video (on elna website), hard cover.
